UNION OFFICIALS TURN BACK ADVANCE GUARD OF MINERS' ARMY AT MADISON

Order Liquor Sold

WASHINGTON, D. C., August 26.—Immediate disposition of liquors seized under the national prohibition act on which storage charges are accruing was ordered today by Prohibition Commissioner Haines.

Instructions were sent to federal prohibition directors and internal revenue collectors to request the United States attorneys in their districts to petition the courts for disposition orders for all seized liquors, automobiles, boats or other vehicles taken by the government for violations of the prohibition laws.

Liquor such as "moonshine," adulterated and low proof liquor, having no commercial value, should be destroyed," Mr. Haines said, while the higher proof and unadulterated liquors should be diverted to commercial, but non-liquor uses.

Incomplete reports from the various districts, Mr. Haines said, estimated the total value of good liquors held by the government at about \$1,000,000. Reports are being prepared, he added, which would give the exact amount and valuation of liquors held by the government together with the storage charges.

Efforts to speed up disposition of seized liquors, Mr. Haines said, were taken in conference with the internal revenue bureau and the department of justice.

Order Probe Of False Report

NEW YORK, August 26.—In its investigation of a break in Mexican petroleum after a false report regarding the company's dividend had been disseminated by a ticker service, the New York stock exchange today ordered its members to report their transactions in the stock yesterday and the day before with names of clients, prices and other details.

The ticker service claimed it had been deceived by a telephone message and in this connection the order of the exchange for information as to short and long commitments was regarded as significant.

Reject Rail Board's Rule On Overtime

CHICAGO, August 26.—Rules governing the payment of overtime rates promulgated by the United States railroad labor board last week to supplement the overtime rules of the national agreement covering shop crafts employees, were rejected as "unjustified" by a conference of regional executive boards of the railway employees' department of the American Federation of Labor today.

A letter was sent today to all locals, explaining the results of a three day conference just concluded.

"By no conceivable line of reasoning," the letter said, "can Decision 222 of the labor board's rules decision be justified and this body declines to accept it."

All union members were warned, however, to remain at work until further official action is taken by union officials. The letter advised that it was considered best to wait until the labor board had issued substitute rules for the entire national agreement before taking a referendum vote on the matter.

Meanwhile, however, the letter advised the men "in time of peace to prepare for war."

The seven rules announced by the board last week cover payments for overtime, Sundays and holidays. A number of radical changes were made and labor leaders declared the new rules would materially affect the earnings of shop employees.

A. O. Wharton, labor member of the board and former president of the railway employees' department, American Federation of Labor, published a long dissenting opinion, in which he refused to sanction the majority decision.

GEORGE O. MILES, THE GROOM WHO WON EDITH BEAVOR WEBB (CENTER) FOR HIS BRIDE, AND HER SISTER, WHO MARRIED A MOUNTED POLICEMAN

LAKE FOREST, ILL., August 26.—"Give me a poor man any day for a husband. They're the only ones who can appreciate a woman. Rich husbands too often turn out to be disasters."

Thus Miss Edith Beavor Webb, the daughter of a New York millionaire, explained why she married George O. Miles, a groom and former jockey.

They succeeded in keeping their marriage, June 14, a secret for more than two months.

They are living on the estate of Benjamin Bahr, who employs Miles as overseer of the stables and trainer of blooded horses.

They have been forgiven by the bride's father, J. Beavor Webb, and he has invited them to cruise with him on his yacht this winter. This is the second time Webb has been called upon to do the forgiving act, for his eldest daughter, Louise, a year ago, started eastern society by marrying Thomas J. Leonard, a New York

For the first time since their marriage the Mileses talked fully and freely to me of their romance and their plans, when I visited them at their cottage, hidden behind a corn field and flanked by stables.

"I should worry what any one thinks or says about my marriage,"

Erzberger Murdered

BERLIN, August 26.—Mathias Erzberger, former vice premier and minister of finance, was murdered today.

Herr Erzberger was assassinated near Offenbach, Baden, where he was sojourning with his family. His body contained twelve bullet wounds.

Herr Erzberger had left Baden-Griesbach, where he was taking the cure, in company with the Reichstag deputy, Diez, for a foot tour of the Black Forest. An hour later both men were confronted by two youths, who separated them and then emptied revolvers into Herr Erzberger, who was killed instantly by shots in the head. Deputy Diez also was wounded.

Mathias Erzberger, then German Vice Premier and Minister of Finance, was shot and wounded on January 26, 1920, as he was leaving the criminal court building in Berlin after attending a hearing in a libel suit he had brought against Dr. Karl Helfferich, the former German Vice Chancellor.

His assailant gave his name as Oskar von Hirschfeld, a former cadet officer, 20 years old, a student and son of a Berlin bank official. Von Hirschfeld was arrested and was quoted as saying he considered Erzberger dangerous to the empire. The assailant fired two shots at Erzberger as the Minister was entering his automobile. One bullet glanced off the Minister's watch chain and another entered his shoulder.

Roused A Storm

Erzberger roused a storm in Germany in July, 1917, more than a year before the armistice, by proposing a resolution in the German Reichstag in favor of a peace without annexations and for parliamentary reform. Chancellor Bethmann-Hollweg declared this formula was unacceptable and Dr. Helfferich subsequently blamed Erzberger's peace proposal for the moral

collapse of the German people. The former Vice-Chancellor accused Erzberger of high treason, denounced him as "a menace to the purity of our public life" and invited him to bring suit for libel. He declared that Erzberger must be removed from public office "if our political life is again to become healthy and normal."

He asserted also that Erzberger's fortune had been made during the war by utilizing his political and parliamentary position.

Files Suit For Libel

Erzberger accepted the challenge and instituted suit for libel. The hearing was acrimonious and assumed much political importance. Dr. Helfferich delivering denunciatory speeches in court while Erzberger vigorously defended himself and his action in seeking peace in 1917.

Herr Erzberger was for many years leader of the German Center party.

Noted Inventor Dies In Paris

PARIS, August 26.—Peter Cooper Hewitt, the American electrical expert and inventor, widely known in scientific circles throughout the world, died at the American hospital here last evening. He recently underwent an operation for abdominal trouble and appeared to be recovering when he was attacked by pneumonia.

King Constantine Recovering

ATHENS, August 26.—King Constantine, whose illness at Eski-Shehr, Asia Minor, was reported yesterday, is making satisfactory progress toward recovery, says a report from his physician. The king enjoyed a good day yesterday, following his serious indisposition on Wednesday.

PRE-WAR MILK PRICES

TOLEDO, O., August 26.—Pre-war milk prices will prevail here tomorrow morning. The Pango Dairy Co. today announced that effective Saturday the new prices will be six cents for pints and 11 cents for quarts.

This is the lowest price here for milk in the last five years.

IRELAND DEMANDS "GOVERNMENT BY CONSENT OF THE GOVERNED"

LONDON, August 26.—The British government's peace proposals were laid before the Dail Eireann, which rejected them unanimously, but is willing to negotiate on the principle of government by consent of the governed, Eamon DeValera says in his reply to Mr. Lloyd George, the British prime minister.

The letter proposes that Great Britain and Ireland appoint representatives with plenary powers to negotiate details on this principle.

"We have not sought war, nor do we seek war, but if war be made upon us we must defend ourselves, and we shall do so," says Mr. DeValera's letter. "We long to end the conflict be-

tween Great Britain and Ireland," he adds.

The reply to Mr. DeValera's letter probably will be drawn today, the British cabinet having met and considered the Irish Republican leader's communication.

The letter, which bears the date of August 24, reads:

"The anticipatory judgment I gave in my reply of August 10 has been confirmed. I laid the proposals of your government before the Dail Eireann, and by a unanimous vote it has rejected them."

"From your letter of August 12, it was clear that the principle we are asked to accept was that 'geographi-

TROOPS HELD IN READINESS AT CAMP SHERMAN FOR EMERGENCY

MADISON, W. VA., Aug. 26.—The advance guard of the marching miners on their way from Marmet to Mingo as a protest against Governor Morgan's martial law was turned back by Chas. F. Keeney, president of District 17, United Mine Workers, and Fred Mooney, secretary, after it had passed through Madison shortly after noon today.

The men, numbering some 200 or 300, had camped in a hollow here for dinner and pressed on their way toward the Logan county line.

Keeney and Mooney, who left Charleston early today with the avowed intention of stopping the march, reached Madison within half an hour after the men left. After a brief conference with county officials, they hurried down the road and overtaking the party induced it to march back to Madison.

The men camped in the court house yard and Keeney said he was arranging for automobiles to take them to the baseball grounds, where he expected to address them.

"The men have come a long distance and are not feeling very good about this situation," said President Keeney. "I shall do all in my power to turn them back and just as soon as the rest of the men come in from the mountains, I'll talk to them. It is no easy job."

"I never saw so many men on the march before. From Racine to Madison this morning there must have been nine thousand or ten thousand men. There are about 2,000 ex-servicemen among them."

Secretary Mooney said:

"It would be suicide for the men to advance. General Bandholtz seems to command the state. He summoned us—Keeney and me—at 4:00 o'clock this morning and a short time later we left Charleston to stop the men."

Mr. Keeney, commenting on the march, said that he had heard no reports of depredations by the men along the route.

WASHINGTON, D. C., August 26.—Acting Secretary of War Wainwright, after receiving a report today from Brigadier General H. H. Bandholtz, the war department representative in West Virginia, said that the department would await further information before recommending use of federal troops in the coal fields of that state.

Meanwhile, no troops will be ordered into the troubled area, Secretary Wainwright said.

Reports from General Bandholtz were said to describe the situation, due to the march of a body of armed men toward the Mingo district, as "very acute." The general, however, said he was not satisfied that the situation as yet demanded use of federal troops.

MADISON, W. VA., August 26.—The advance guard of the army of miners who are marching from Marmet to Mingo county, arrived here about noon today. They pitched camp in a hollow near the business center and awaited the coming of the remainder of the force, which it was said was strung out along the road between here and Peytona, where the main body of the army had stopped for dinner.

As the men marched into town they were led by a man who told the correspondents that he had been an army man for nine years and that his men were organized along the line of all armies. The commissary department, he says, was in charge of a chief who had all the assistants he needed and there was no fear but what the men would be well fed.

The leader absolutely refused to give his name.

Accompanying the advance guard were three automobiles. All information regarding the leadership of the army, other than that volunteered by the one man was refused.

Almost immediately after the army appeared, an airplane circled the town coming overhead from Logan. After making a wide sweep over the road toward the east along which the men were marching, the plane shaped its course toward Logan.

CHILLICOTHE, O., August 26.—Regular troops, numbering between 500 and 600, including 150 who arrived this morning from Columbus barracks, were held in readiness shortly before noon today to leave Camp Sherman for the West Virginia coal fields. Railroad coaches were ready for en-trainment and the men, under full field equipment, were prepared to depart immediately upon receipt of orders.

England Warns Ireland

LONDON, August 26.—Premier Lloyd George, replying today to Eamon DeValera, in alluding to the demand for recognition of Ireland as a foreign power, says Mr. DeValera is playing with phrases to suggest that the principle of government by the consent of the governed compels recognition of that demand on our part, or that in repudiating it we are straining geographical and historical considerations to justify a claim to ascendancy over the Irish race.

The prime minister warns Mr. DeValera that owing to "the action being taken in certain quarters" it is dangerous to prolong the negotiations. Therefore, while willing to make every allowance, he can not, he declares, prolong the mere exchange of notes, but says he will be happy to meet Mr. DeValera and his colleagues again.

DeValera Is Re-elected President

DUBLIN, August 26.—The reply of Eamon DeValera to Premier Lloyd George sums up southern Ireland's position on an Irish settlement which is and must remain unchanged. Mr. DeValera declared in addressing the Dail Eireann today after reading the reply at the public session of that body.

The Dail re-elected Mr. DeValera and the members of the cabinet. It also sanctioned the loans of 500,000 pounds in Ireland and 20,000,000 dollars in America.

After reading the letter to Mr. Lloyd George to the Dail, Mr. DeValera said:

"That reply sums up our position, and I do not think it necessary to deal with it now, particularly as we have not got a reply from the British government. Our position is unchanged. We can not change our position, because it is fundamentally sound. Just the moment we get off that fundamental rock of right and justice, we have no case whatsoever. No fight can be made except on that rock and on that rock we shall stand."

Mr. DeValera proposed Arthur Griffith, founder of the Sinn Fein, as vice president and minister of foreign affairs, and the re-election of the other ministers, and the Dail so voted.

When Speaker MacNeill took the chair on the opening of the session, Mr. DeValera tendered the resignations of himself and the cabinet.

Then John J. McKenna, who recently was released from prison after having been sentenced to death, proposed Mr. DeValera as "president of the Irish republic" first in Gaelic and then in English. None, he said, had shown such ability to "beat our ancient foe." He had beaten them both in battle and in diplomacy, Mr. McKenna asserted.

Richard Anthony, chief of staff of the Irish Republican army, seconded the nomination and in a speech compared the present generation in Ireland to the generation of 1916.

Rebels Flaunt Peking; Talk of Powers Withdrawing Recognition

PLAN WOULD BE SILLY
Might Even Result In Another Boxer Rising

BY WM. PHILIP SIMMS
Written Expressly for the N. E. A.

HANGHAI, Aug. 26.—There is talk in diplomatic circles of the Great Powers withdrawing their recognition of the government in Peking.

ing on the ground that it is no longer a representative government, and is powerless to enforce its mandates.

This far, however, the talk is very much sub rosa and has been confined to the purely academic discussion of the merits and demerits of the drastic step. No legislation, as far as I can learn, has the temerity to report even this much to his home government, lest his action be found out by the Peking officials and held against him.

There is a reason to believe, moreover, that the Powers will not make such a move, preferring to await President Harding's conference at Washington when China's plight will be discussed with China's official representatives sitting at the board.

Government Illegal

Advocates of withdrawal of foreign recognition point out that the diplomats now in China are accredited, not to the people of China, now utterly without voice in the nation's affairs. They urge that the Peking government is illegal, admittedly; that there is no legislature; that a number of provinces have declared their autonomy; that the rest of the provinces are not nominally subject to obey when they suit their purpose to do so; that an ex-banquet, General Chang Tso-lin, the super-Tsuhun of the three northern provinces, is virtually dictat-

or over Peking—though without real power elsewhere in China; that foreigners are in danger in China due to a disaffected soldiery, mutinying, looting, murdering and burning; and fighting among themselves without the Peking government being able to repress them; and so ad infinitum.

Withdrawal of recognition, they declare, would damage Peking's "face" to such an extent that the provincial war lords would in turn be discredited

by their constituents and have to go into retirement. A truly representative government they conclude, would thus be uncovered.

New Boxer Uprising

These who oppose such a step insist withdrawal of recognition would at once furnish ammunition for anti-foreign propaganda throughout China and that another Boxer uprising might result.

BOND ISSUE CARRIES

A \$6,000 bond issue was carried by a vote of 146 to 53 Thursday in a special election. The bond issue is for a one room school house to be built on Jackson Fork about five miles from South Webster.

The vote in the village precinct was 69 for and 17 against, while in the township precinct the vote was 77 for and 36 against.

The bond issue was prepared by the school board of Bloom township at recommendation of County Superintendent E. O. McCowan. The one room school is for the Jackson Fork district, a newly settled part of Bloom township, where persons have taken up homes on old furnace lands. Prof. McCowan was gratified today over the result of the election.

The school board will prepare for the sale of bonds at once and as soon as they are disposed of will ask for contracts for construction of the school building.

The Bloom township board is composed of H. H. Mittenfiorf, president; John Gahler, vice-president; Dr. A. G. Stevens, W. O. McKnight and A. L. Fulton.

SOCIETY

A coterie of girl friends picnicked at Wheelersburg last evening. Those enjoying this delightful affair were Misses Ruth Cranston, Mildred Baker, Helen Chick, Laura Donaldson, Stella McCall, Olive Chinn, Mildred Zucker, Alice Maiter, Ruth Reinicker, Catherine Burns and Ethel Eckhart.

Father T. A. Goebel officiated at the marriage of Miss Bertha Stepp and Mr. William Dice, which took place Wednesday evening at 8 o'clock, at the parsonage of St. Mary's church. Mrs. Frank Stepp of Lincoln street, sister-in-law of the bride, was the attendant.

Mr. and Mrs. Charles E. Schiffer of Cleveland, who are included in the party of relatives of Mrs. Louis Blomeyer at Camp Arion, will leave for their home Monday.

Mrs. John Lutz, 1626 Fifth street received word today that Mr. and Mrs. Felix Haas and daughter, Miss Julia, of Fifth street, who have been enjoying a motor trip to Atlantic City, would arrive home Saturday or Sunday.

Mrs. Ralph Streich and daughter, Martha Ann, of 708 Sixth street, and Miss Nora Merrill are spending the week at the Cranston Camp, on the Turner farm, Buena Vista Pike.

Mr. and Mrs. N. E. Butler and family are home from a motor trip to Lancaster, O. and Hartford, City, Ind., where they spent a delightful vacation.

Mrs. Lee Flaker and son, Dennis, of Lansing, Mich., who have been the guests of relatives in Jackson, have returned to Portsmouth and are the guests of her sister, Mrs. G. P. Kaps and Mr. and Mrs. Roy Turner of Kurey's Lane.

Mr. and Mrs. Charles Strober and daughter, Miss Bernadine, of Front street, left today for a motor trip to Chillicothe, Washington, C. D., and Columbus to visit relatives.

The Preface.

No preface exquisitely written? No literary market is more delicious. Is the author inveterately dull? It is a kind of preparatory information, which may be very useful. It argues a deficiency of taste to turn over an elaborate preface unread; for it is the attar of the author's roses, every drop distilled at an immense cost. It is the reason of the reasoning, and the folly of the foolish.—Isaac D'Sraeli.

LOCAL FIRMS VICTIMS OF USER OF FORGED CHECKS

A well dressed young man who had the looks of "being good" and a card bearing his name and that of a big tobacco company, which he claimed to represent, were the means of him getting five good automobile tires and some Ford auto parts besides cash for change from local auto tire dealers and Ford parts' dealers when they cashed checks for him which proved later to be worthless. The check operator was busy in Portsmouth on August 5 when at least five and maybe more local dealers cashed checks for him in amounts of \$37.43 and \$43.37.

Nor until Wednesday and Thursday when the checks were returned from an Ashland bank did the local dealers know they had been "worked" by the neat appearing stranger. As one tire dealer would tell his troubles to another they learned that they were "in the same boat" as he had not confined his operations to one or two stores but instead had dealings with at least five places on that date.

A further investigation this morning brought to light the fact that on July 26 the same fellow had visited the West End Supply Company on Market street and bought a tire giving in payment a check for \$43.37, supposed to have been drawn by J. L. Schuk, grocer of Ravenswood, W. Va. Later the local firm learned that three of Mr. Schuk's checks had been stolen and forged and that the check they cashed was one of them.

The checks presented August 5 to the other five local dealers were on the Meade Hotel Company of Ashland.

The story told by the forger was practically the same in every place visited. On July 26 when he visited the West End Supply Company he said his car was across the river and that he had had tire trouble and wanted a certain make of tire. When informed that this make of tire was not in stock he finally took another make and presented the check in payment receiving some cash in return. Besides the five extra tires the man probably received \$100 or more in change from the different firms.

The places visited August 5 were the Universal Motor Company, Grubb Tire and Vulcanizing shop on Fifth street, Portsmouth Auto Supply Company, Gallia street, United Tire Company, Gallia street near John, and the Home Vulcanizing Company, Sixth and Gay streets. He told the same story at these places, that his car was across the river and needed repairs. At the Universal garage he bought some small Ford parts and presented a check for \$37.43. The Universal is careful about checks and asked the man for references. He then presented the business card bearing his name and the name of the Tobacco Company. At the other four places the man purchased a tire. At the Portsmouth Auto Supply Company and Home Vulcanizing Company he gave checks for \$43.37 while at the Grubb and United Tire places he gave checks for \$37.43.

The Home Vulcanizing Company's check went through before the forgery was discovered and this is the only firm out of the local number not out any money. When several checks came in for like amounts and drawn in favor of the same man the Ashland bank then investigated and detected the forgery. It was then learned that eleven bank checks had been stolen from the Meade Hotel Company.

The local dealers have written to the Tobacco Company to see if they cannot find some trace of the smooth individual who has no doubt been working in places other than

Portsmouth. Several of the local dealers are also making arrangements to go to Ashland to see if they cannot find some trace of the man.

SKETCHES OF SERGEANT YORK MADE BY ARTIST GROVE, WHICH YORK AUTOGRAPHED.

SERGEANT YORK SPURNS \$300 A WEEK OFFER

By Newspaper Enterprise
CLEVELAND, O., Aug. 26—"I could have anything in the world that I want, but—"

"My conscience simply will not permit me to exploit patriotism."

Sergeant Alvin C. York, whom General Pershing called "the greatest hero of the World War," had just finished an evangelistic address before a religious gathering at Nazarene Tabernacle here. He had held a packed hall intensely interested for close to an hour with a "heart to heart talk on conscience."

"The day I left for Cleveland," said York, "I received an offer from a vaudeville concern in New York. They proposed to pay me \$300 a week, on a 20-week contract, for speaking 20 minutes from the stage each evening."

Spurns Offer
"I didn't answer the offer. I'm not interested in making money out of patriotism. It is only one of many offers that I have had—and turned down."

And this, in spite of the fact that there is a \$12,500 mortgage on York's farm near Tall Moll, Tenn., which will soon be due.

"If I could stand in the open on my farm and say, 'This is MY farm,' then things would be about as bright for my wife and child and myself as they possibly could be," York continued.

"The farm was given me by friends in Tennessee. They paid \$6250 down, leaving a balance of \$18,750, to be cleared in four installments. The first payment has been made and the second is due on November 18. About \$3000 must be paid at that time."

"Whether my friends will be able to make that payment, I cannot say. They are trying hard to raise the money."

Approaching Crisis
York says if the payment is not made on time, the whole balance of the loan becomes immediately due.

"No doubt that would mean that I'd have to give up the farm," he added. "But I believe that my prayers will be answered."

Asked what he would get out of his religious talks in Cleveland, York replied:

"Oh, they'll pay my expenses and a little more. But they're giving me a chance to talk religion—an opportunity to attempt to help other men to see the right way. That means more to me than talking from a vaudeville stage for money."

York was asked if he would accept a captaincy with retired pay, if the McKellar bill, which provides that, is passed by Congress.

"Certainly," he said, "that is, if I don't have to parade before the public to get it."

Ironton Editor Deputized To Get Prisoner

IRONTON, Aug. 26.—President of the Ironton Iron Works, who has been deputized by the sheriff to effect the capture of Ed Crabtree, having proved futile, Sheriff Dement has decided to call assistance to take the fleet-footed fugitive from justice.

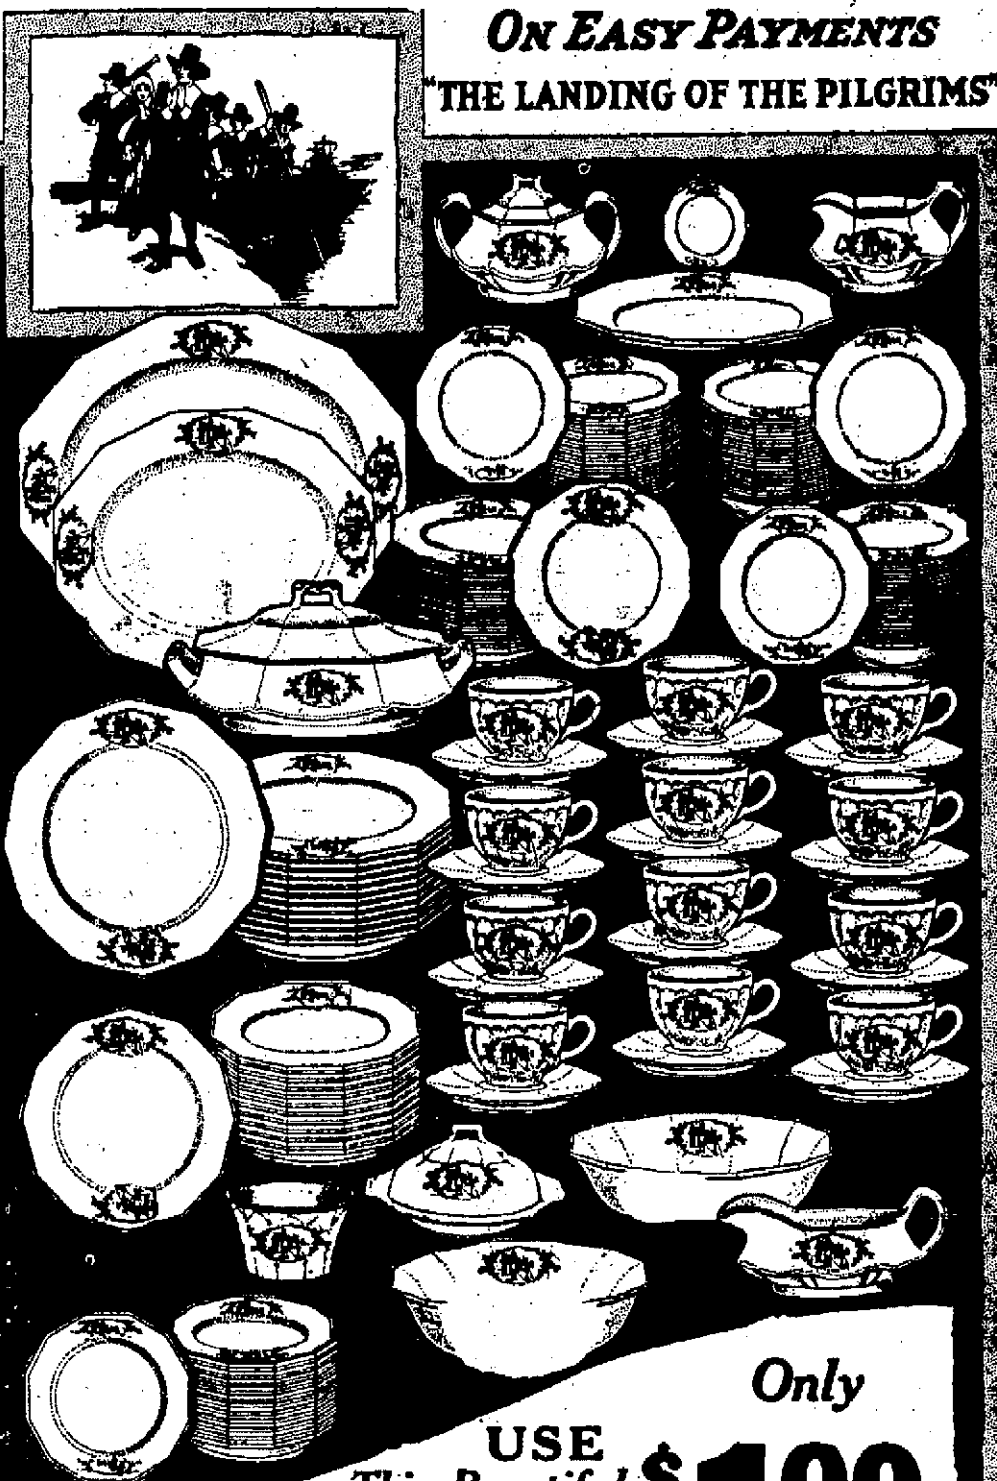

The sheriff last night confirmed a report that he had deputized Editor Corns of the evening paper to assist in the capture of Crabtree and that the new deputy would be inflated into the mysteries of this particular man-chase this morning and continue in the service until Crabtree is taken or it is demonstrated that Crabtree is really as elusive as he is credited with being.

When asked about the report, Sheriff Dement stated that he had gone to the editor's home last night and deputized him for service, feeling that the daily articles in criticism of the inability of the sheriff and his deputies to catch Crabtree must be founded on the belief that all that is necessary is to go to the Crabtree home and get him and the sheriff is more than willing to have assistance.

The deputizing of the editor to assist in the taking of Crabtree came after at least half a dozen raids on the Crabtree home and neighborhood by the sheriff and his deputy, none of which had been mentioned by the evening paper. It is claimed, and after Sheriff Dement and Deputy Matt Wilson had spent all Wednesday night in the Crabtree settlement, staging a descent on the Crabtree home at three o'clock Thursday morning and finding no trace of the wanted man.

RIGHTS OF U.S. PROTECTED IN TREATY WITH BERLIN

WASHINGTON, D. C., August 26.—Full title to "all the rights, privileges, indemnities, reparations or advantages," specified for the United States under the unratified treaty of Versailles is re-affirmed in the separate treaty with Germany signed yesterday at Berlin.

Both by blanket declaration and specific enumeration, the treaty recognizes the claim of the American government to these benefits and at the same time disavows on the part of the United States any responsibility for provisions of the League of Nations, covenant, the Shantung "settlement," or the political realignments of Europe.

By state department officials, the treaty is considered a full settlement, making possible not only a resumption of diplomatic relations, but in a large measure commercial intercourse as well, through its reaffirmation of the economic and financial concessions of the pact of Versailles.

There was every indication today that efforts would be made by the administration to secure ratification as soon as possible after congress re-assembles late in October, so that the long delayed re-approachment with Germany might become an accomplished fact. Such commercial and supplemental treaties as may be found necessary can then be negotiated through the ordinary diplomatic channels.

With the treaty signed and awaiting senate action, there was a renewal of speculation here regarding the issuance of a possible peace declaration to carry into effect the declarations of the congressional peace resolution. No official would indicate whether the proclamation might be expected to precede ratification.

Another question which remained unanswered from any authoritative source related to the probable duration of the American occupation of German territory. No direct mention is made in the treaty of the withdrawal of American troops from the Rhine, though there is a reaffirmation of the section of the Versailles treaty which permits the recent enemies of Germany to maintain forces on her border at her expense and also allowed for payment of reparations.

The text of the new treaty, made public last night at the state department, defines with unusual brevity the responsibilities of Germany and the rights of the United States growing out of the war. The title of the United States to benefits described in detail in ten of the fifteen sections of the treaty of Versailles are re-affirmed; it is stated that this government "shall not be bound" by four of the fifteen sections and one section, that arranging Emperor Wilhelm and demanding trial of violators of the laws of war, is not mentioned at all.

Neither is there a specific provision holding Germany responsible for the war, but such a responsibility is implied by the reaffirmation of the reparations section, in whose opening clause Germany accepts responsibility for causing all the loss and damage resulting from the war.

While claiming all the privileges of the reparations section as agreed to at Versailles, the United States specifies in the new treaty that she "is not bound to participate" in the reparations commission unless she shall elect to do so. The same provision is made regarding all other international commissions created under the Versailles treaty.

STEAMER MARLEN RIGGS SINKS

The springing of a leak in the hull of the Steamer Marlen Riggs resulted in the sinking of the craft Thursday afternoon at Dam 30, near Greenup. The boat was engaged in work upon the dam at the time of the accident and it became necessary to raise the wreck at Dam 31 last night, so as to lower the pool stage of the river in order to allow the work of raising the boat to proceed. It is not believed the craft was seriously damaged and it was hoped to have her afloat again by Friday night.

NEW BREAD LAW EFFECTIVE SEPTEMBER 7

Beginning September 7, a new bread law will go into effect in this state. The law is modeled after the ordinance regulating bread production in Cincinnati during the war. Under the new law no loaf of bread can be made under 16 ounces, as at the present time, and the bread must weigh 16 ounces 12 hours after baking. For the purpose of studying the new law, the members of the Bakers' Club of Portsmouth met at the Chamber of Commerce Thursday afternoon. The new law provides that the baker shall not take back bread from any retailer. Under the present law, some bakers put a supply of bread in at a grocery store and the next day take back all that is unsold. It has been found that such bread was sometimes sold and that the handling and eating times made it very unsatisfactory. The new law makes it an offense for which a fine may be imposed, to take back bread.

The weight of the loaf and the maker's name must be on the wrapper, or if bread is not wrapped it must be stamped on the bread by means of a stamp.

Bread shall be offered for sale by weight and shall be manufactured for sale only in units of 16 and 24 ounces or multiples of 1 pound. This does not apply to rolls or fancy breads.

For the violation of the law a penalty of \$25 is provided and for the second offense \$100 and \$500 for the third. The law also provides for inspection by State Food and Dairy commission to insure proper sanitation.

CONGRESS DROPS \$500,000,000 ANCHOR

Provides For Tax Deficit

Arranges to Issue Bonds to Meet Appropriations if Necessary

BY HARRY HUNT

WASHINGTON, D. C., August 26.—A half-billion dollar anchor to windward has been provided by the House of Representatives against failure of the new tax law to provide for the government's expenditures for the current year.

This anchor may be a life-saver in either of two likely contingencies.

ONE.—If the new schedule of taxes provided by the law fails to produce sufficient revenue to cover the total of appropriations.

TWO.—If the departments fail to live within the amounts provided for them under the slashing of estimates by Budget Director Dawes.

In order to make possible an apparent reduction in federal taxes, which, politically, is declared imperative, provision is made for increasing the public debt by \$500,000,000 during the year. The cash thus raised would be used in lieu of taxes in meeting the current expenses of the government.

How It's Done

This provision is inserted as an amendment to the Second Liberty Bond Act, authorizing an increase in the amount of that issue from \$7,000,000,000 to \$7,500,000,000, "to meet public expenditures authorized by law."

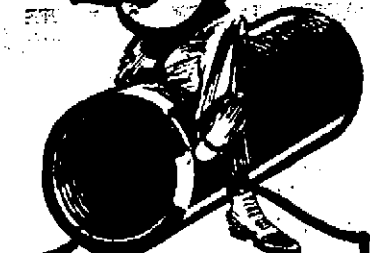

It is an index of the uncertainty and apprehension with which congress views the whole revenue situation.

The revenue needs of the government for the next year, despite any reductions that may be made by the budget commissioner or voluntary economies within the departments, probably will not shrink proportionately to the tax-paying abilities of individuals and industries.

The whole range of returns from income and profit taxes and from customs duties has been so disarranged by existing unemployment, industrial depression and stagnation of world commerce that the best estimates of what revenue a given tax will return is only a guess.

Huge Deficiencies

While the revenue bill thus gravely provides against a possible deficit of \$500,000,000 in government income necessary to cover appropriations, there is a further fear lurking in congressional minds that despite all administration efforts at economy, de-

Expenditures amounting to many millions will be incurred in several departments during the year.

One reason is that the arbitrary dropping off of \$350,000,000 from the estimates of sums needed by the departments of war, navy and agriculture, and the shipping board and railroad administration, was apparently done with little consideration for many claims and probable expenditures that will have to be met.

The result of this reduction, many congressmen, including Republicans, believe, will only be an increase in the deficiencies which will have to be provided for next year.

Other Deficiencies

The deficiency bill for 1921 amounted to \$484,492,883. The 1920 deficiency was \$1,126,031,270.

The peak of appropriation deficiencies was reached in 1918, as a result of war expenditures, when it amounted to \$8,806,180,209.

The chief hope for forestalling a deficiency this year, both in expenditures of the government over appropriations and of appropriations and expenditures alike over government income, lies in the salvaging of several hundred millions from supplies and property acquired during the war.

If the estimated deficiency of \$300,000,000 in the Shipping Board alone can be avoided, either by the sale of ships at junk prices or otherwise, the one biggest saving may be made.

That it will be a saving at a sacrifice of tangible assets will be the least of the administration's concern. The big thing will be to reduce the necessity for taxes and to keep expenditures inside the taxes laid.

At present the government is spending far more than its estimated budget.

For July, the first month of the new fiscal year, it spent \$15,000,000 more than for the same period last year.

In July, 1920. In the first half of August it spent \$20,000,000 more than for the same period last year.

Camp Adon, with its many attractions, was the rendezvous for the members of the Merry Twelve Club and their families Thursday afternoon, when Mr. and Mrs. William Nagelcisen were the hosts. Water-sports and games furnished an afternoon's amusement, after which the members and guests were served with a bounteous chicken dinner. Among those present were Mrs. Henry Nagelcisen, Messrs. and Mesdames Alfred Zubars and daughter, Helen, Dallas Lemon, Charles Brooks and daughter, Jean, Theo. Paner, E. J. Staebler and son, Edward, Ormsby Keselring, Ellsworth, Damon, William Nagelcisen and nephew, Frederick Nagelcisen, and Miss Mary Williams.

The club planned for an outing next Thursday at the summer home of Mrs. Dallas Lemon on the Buena Vista Pike.

Mrs. W. L. Baker was hostess of the outing enjoyed Thursday by the members of the Woman's Relief Corps at the summer home of the hostess, situated on the old Vaughts farm, on Buena Vista Pike. Following a delightful motor trip to Mrs. Baker's home, the members partook of a delicious dinner. A program before dinner was featured with the recitation of an original patriotic poem by Mrs. Isabelle Musser, who is now very active at the age of 83 years. Curers were laid for Mesdames Lizzie Wall, George Jeffords, H. E. Reid, John Q. ALMOND DROPS

Put metal mortar in hot oven until well heated. Put in a pound of chocolate, broken into small pieces. Pound it to a paste. Mix with it a quarter pound of finely sifted sugar. Blanch, slice and dry in a moderate oven two ounces of almonds. Roll each almond in the chocolate until it is coated and then put on waxed paper to settle. A fork may be used for the dipping.

A feature of the picnic held by the members of the Judge Blair Bible Class of the Second Presbyterian Church at Millbrook Park yesterday, was the large snow cake with the inscription, "Judge Blair Bible Class," which formed the center of the long table at which thirty-seven members and eight guests were seated for the delectable dinner served. Previous to the tempting meal, the ladies bustled themselves with needle-work and various amusements.

Baby's Sore Chafed Skin

The Cause of Untold Misery Nurse Tells How to Avoid It

Philadelphia, Pa. — "Sykes Comfort Powder has been used on this little boy with great success in keeping his skin free from chafing, scalding, rashes and soreness, which is the cause of so much misery among children. In my eleven years work as a nurse I have never found anything to equal Sykes Comfort Powder for this purpose." —Lottie E. Sloper, Nurse, 4011 Pine St., Philadelphia, Pa.

The reason Sykes Comfort Powder is so successful in healing and preventing chafing, scalding, rashes and skin irritations is because it contains six healing, antiseptic ingredients not found in ordinary talcums. Physicians and nurses call it "a Healing Wonder."

A WIFE IN THE MAKING

BY PHYLLIS PHILLIPS

ARLINE'S PAST

Arline Bates, in the meantime, had arrived safely at her father's home, some fifty miles outside of Chicago. Here the girl found life running as it had ever done with the one difference, that her father seemed somewhat gentler in his manner, less determined to rule her than of yore.

Truth to tell, Arline had no great love for her home town. She secretly despised the people, and spent most of her days in reading and carefully avoiding callers. These latter were the bane of her existence. They always had been, now that she looked back on it. As a millionaire's daughter she had been reared in luxury and trained to expect that the highest wish of her heart would be fulfilled. She had ruled her governess with a queenly hand ever since her childhood. But it was not until she became a widow that her father feared to step in and show his authority. This authority had finally driven the girl away from her home and out into the world to seek her fortune.

Arline had been bored with life ever since she was a mere child of a child. She had dreamed of the day when she would be wooed by some Prince Charming, not as rich as she, of course, for that would spoil everything, where having her own way was concerned. But a Prince Charming, sufficiently attractive, nevertheless, who would become her willing slave on the spot.

Unfortunately for herself and all concerned, she had fallen violently in love with Ned Randall shortly after leaving her home for "the wider life."

As she put it to her father the day she left him.

Determined to show just what she could do for herself, unaided, Arline had gone to Kansas City and found a position in an office there. It happened to be the same office that employed Ned.

The two had met and been mutually attracted to each other. That was in the beginning, when Ned had not yet come to know what a willful, dictatorial little person Arline really was. At first she had played her cards skillfully. She let him think that she looked up to him and was a clinging vine sort of a girl, such as he evidently liked. But not for long could conceal her true nature, and one fatal evening Ned had been treated to one of her tantrums. This had left him cold and snarling for days afterwards. He avoided Arline like the plague, and it was only when she called him on the telephone and begged him to forgive and forget that he made any move in her direction.

Of course, a fellow could hardly refuse to kiss and make up after that. Especially when the girl in the case was all alone, and very helpless. Ned, too, had felt strangely lonely himself during the days of absence from Arline. Before, they had dined and gone about everywhere together. He had missed the companionship.

A triumphant gleam came into Arline's eye as she heard him consent to come up and see her again. After all, men were easy. She could wind Ned round her little finger, and be it known that she had decided on sight that this Ned was the man she was going to marry.

(To be continued.)

The Home Beautiful.

A house which is well planned, perfectly convenient and comfortable will be beautiful. Don't clutter your home with things which, though they may be useful or attractive in themselves, are things which no one uses or enjoys. Every one is not able to afford expensive things, but if harmonious colors for the walls, floors and upholstery are chosen, together with furniture selected for comfort rather than ornamentation, the home will be restful and attractive.

How Alum Is Made.

Common alum, sometimes called potash alum, is the result of a decomposition of sandstone called alum shale. If the shale is broken up by exposure to the weather, iron of pyrite in the rock dissolves and the sulphur combines with the alumina to form aluminum sulphate, which is made into alum by adding potassium sulphate. The shale may also be decomposed by roasting the residue from which is digested with sulphuric acid, yielding aluminum sulphate. To this potassium sulphate is then added, the resultant crystals constituting alum. Ammonium alum is artificially made by combining ammonium sulphate with aluminum sulphate as previously described. The low cost of ammonium sulphate, obtained as a by-product in the manufacture of illuminating gas, has led to the substitution of this alum in commerce for potassium alum. The properties of the two are similar, though the ammonium compound is less soluble in water.

The Unrevealed.

"Daughter," said the cautious mother, "you should know, absolutely, that you love James above all things before you marry him." "For mercy's sake, mamma," pouted the girl, "you are so unreasonable! How can I know how much I love him until I marry him and give him a chance to treat me mean and see if I can stick to him!" —Richmond Times-Dispatch.

Bombshells In Arms Meeting

Korea and South China to Present Demands at Conference
 BY NORRIS QUINN

WASHINGTON, D. C., August 26.—Two factors have just developed that will throw bombshells into the November conference on disarmament and Far Eastern affairs here. They are:

ONE—Announcement that Korea will lay before the conference a demand for absolute independence from Japan.
 TWO—Declaration by representatives of the south Chinese government that if they are not represented at the conference, two-thirds of China will block the carrying out of every decision of the conference relating to China.

Harry Chung, unofficial Korean commissioner to the United States, in an interview pointed to Korea as a combined Belgium and Ireland. He declared Japan followed the "scraps of paper" method of observing treaties long before imperialistic Germany thought of it.
 "Korea was an independent nation until 1904," Chung said. "Then Korea agreed to allow use of its territory to a military base by Japan."
 "Japan, in turn, agreed to guarantee 'safety and repose' to the Korean dynasty, and to guarantee the territorial integrity of Korea."
 "Under the treaty Japan used our country as a base of operations against Russia. Thus Japan won the Russo-Japanese war."
 "Then Japan refused to withdraw her forces. In 1905 Japan established a protectorate over Korea. In 1907 the Japanese government deposed our rulers. In 1910 it annexed Korea."
 "In 1900 thousands of Koreans joined in a passive resistance movement against Japan. In 1910, under the eyes of Japan's military forces, we established a provisional republican government, just as was done in Ireland under British rule."
 "The Korean delegation at the disarmament conference will point out that Japan does not need Korea as an outlet for a population overflow. In 17 years, the delegates will say, only 200,000 Japanese have entered Korea."
 "Of these, 75 percent were members of the Japanese official and military personnel, 15 percent real estate promoters and swindlers and 10 percent bona fide immigrants."

South China's Stand
 Dr. Ma So, personal representative at Washington of Dr. Sun Yat Sen, head of the Canton revolutionary Chinese government, declared that the United States is pursuing a dangerous policy in not admitting south Chinese delegates to the November conference.
 "When the Peking government was asked to send delegates and the Canton government received no invitation, I lodged an emphatic protest with the American state department," Ma So said.
 "Unless the 200,000,000 people of the south China republic are represented, Chinese participation in the conference will be a farce and the peace-talks will result."
 "The southern republic will refuse absolutely to carry out the decisions of the conference if it is not allowed representation."
 The Canton government, Ma So asserted, controls six of the richest provinces of China, with a total population of almost twice that of the United States.

TRAIL OF BANK CRASHES PLANNED BY SWINDLERS

CHICAGO, Aug. 26.—The financial failure of at least forty-eight banks and kindred institutions in the middle west would have resulted had all the operations of Charles W. French and John W. Worthington been carried to a successful conclusion. It was declared today by John V. Clinin, assistant U. S. district attorney, that the statement was made after an examination of \$21,000,000 in spurious securities and fraudulent notes seized from various enterprises sponsored by the alleged heads of the "swindling trust" and the mail robbery group, who with associates are being held here.

Not only were financial institutions to be involved but some of the biggest financial men in the country were listed as prospects. The names of the hundreds of prospective victims of the machinations of the financial wizards was found in the possession of Alvin Karpman, French's secretary, according to the assistant district attorney.

Among the names listed was found that of Coleman. Dupont, United States senator from Delaware and wealthy manufacturer of explosives. Scores of other names prominent in the financial world were found in this "ledger of lamb."

Events today were expected to move swiftly in the expected denouement of further operations of this group of so-called "bond experts," who according to federal authorities, hope to number some of the strong financial institutions and business enterprises of the middle west as their victims.

Elmer L. Gerber, brought here from Cleveland last night, after his arrest there, led to the recovery of some \$15,000,000 in securities, is to be questioned today. An alleged confession made by him was expected to prove part of the basis for the government's case, it was indicated.

The arrest of Z. W. Davis, Ohio banker and wealthy manufacturer, of Canton, who is said to be involved in the case, was expected today and he will be brought to Chicago for questioning.

Thomas Dreifus, district attorney of Cleveland, today said after a conference here that the Cleveland angle of the affair had been entirely cleared up. A score or more of Cleveland concerns are said to have been involved in the schemes of these under arrest.

The prime object of the alleged confidence group was to dispose of millions of dollars worth of notes through many small banks in the west and middlewest, according to a statement of Owen T. Evans, made public today by Mr. Clinin. Evans, a former national bank examiner, was arrested with Worthington in connection with mail thefts and has turned government witness. According to Evans, all the negotiations that he handled were strictly legal and notes he disposed of had security back of them. He placed loans in many small banks, according to his statement.

New York Sale Totals 625,000 Bottles In Year

The fact that 625,000 bottles of Tanlac have been sold in the state of New York since its introduction there less than one year ago, is a big business item that will attract unusual attention throughout the entire East, for nothing like it has ever happened before. It breaks all records.

Mr. George B. Evans, manager of the Gilson-Snow Company, the well-known wholesale druggists, with branches in Albany, Buffalo, Rochester and Syracuse, recently announced that the preparation was now selling in their trade territories alone at the phenomenal rate of approximately 500,000 bottles a year.

"If the present rate continues," said Mr. Evans, "this state alone will probably require considerably over 750,000 bottles a year. This is a tremendous figure, but I am really conservative in making this statement."

Tanlac is sold by leading druggists everywhere.—Advertisement.

New Stock Issue Planned In Phone Merger

COLUMBUS, O., August 26.—If the application for consolidation of the Ohio Bell Telephone Company and the Ohio State Telephone Company is acted upon favorably by the state utilities commission, it is planned by the new company, which will be known as the Ohio Bell Telephone Company, to issue \$15,000,000 of preferred stock to cover partial outstanding indebtedness of the two companies, all of which will be assumed through the merger.

Application for consolidation of the two companies was filed yesterday with the utilities commission.

The terms of the agreement call for an authorized capital stock of \$100,000,000, one-half common, one-half preferred.

R. A. Reed, Columbus, vice president of the Ohio Bell Company, will be president of the new consolidated company.

LEGAL NOTICE
Sealed bids will be received by the Director of Public Safety of the City of Portsmouth, State of Ohio, at the office of said Director, until 12:30 o'clock, noon, September 12, 1921, Central Standard time, for furnishing to the Fire Department twenty-five hundred (2500) feet of 2 1/2 inch, double jacket fire hose, coupled in lengths of 50 feet each, the couplings to have the National Standard Thread. Each bid must contain the full name of each person or company interested in same, and be accompanied by a bond or by a certified check on some solvent bank for the sum of Two Hundred (\$200) Dollars to the satisfaction of the Director, as a guarantee that if the bid is accepted, a contract will be entered into and its performance properly secured. Should any bid be rejected such bond or check will be forthwith returned to the bidder and should any bid be accepted such bond or check will be returned upon the proper execution and securing of the contract. The right is reserved to reject any and all bids.

Autumn Hats Brim-Full of Charm and Character

The first days of Autumn reminds us that summer hats are a bit out of season. Therefore those of Duveltyne, Velvet and combinations are now in vogue. Not to be daunted, designers have arranged less costly feathers to take the place of the prohibited paradise and osprey. Ribbons, embroidery, metallic braiding and fabrics are so noted in the better hats—so you can plainly see there is a variety. If you desire "something different," it can be found in the Marting millinery section, second floor.

COLORS such as black, royal blue, whirlpool blue, wireless blue, navy, silver, grey, poppy red, flame, tangerine, rust brown, mohawk, pheasant, purple, paprika, orange, desert shades such as Arab and Mecca, Episcopal Purple, Fuchsia.

MATERIALS of Duveltyne, Velvets, Hatter's Plush, Fells.

Prices range from \$5.00 and up.

CLAIM SOLDIERS HAVE STOLEN CAR

CAMP SHERMAN, Aug. 26—Three soldiers of the 2nd Infantry, alleged to have stolen a Ford machine at Tiffin, Ohio, Saturday night, are being held at the Camp Sherman Stockade, pending the arrival of an officer with warrants for their arrest from Tiffin. They gave their names as Lawrence Neely, Chester James and Edward Richards, all of the 2nd Infantry.

Corgeant Barney, of the Military Police, Camp Sherman, recognized the men and took them into custody as possible deserters. When questioned by Lt. Brine regarding the car, they said they had bought it for \$75.

Another Convincing Endorsement Given Famous Nerv-Worth

Fosteria, O., Man Quickly Overcame Weakness, Nerves, Sleeplessness

"I had a sick spell, and it left me in such a nervous condition that I could not sleep," wrote M. L. Betzer, 22 W. North St., Fosteria, Ohio. "I was weak in the legs and couldn't go to work without being tired out at night. I decided to try Nerv-Worth and after my second bottle I am happy to say I am sleeping soundly and am not a bit nervous. All leading druggists everywhere.

RIVER NEWS

The Ohio river was at pool stage of 10 feet in the Portsmouth district Friday morning, more than two feet having been drained out of the pool over night to permit the work of raising a boat which sunk near Greenup, to proceed.

Delayed by fog and heavy way business, the Greenup passed down Friday for Cincinnati several hours behind her schedule and the Chris Green passed down this morning several hours late. The Ohio passed up for Charleston Friday.

In Full Bloom

Joseph Kountz, clerk for the Critterlin Clothing company, has a cherry tree in full bloom in the yard of his home at 1820 Eleventh street, which is attracting much attention.

To Fill Pulpit

Rev. A. B. Cox of Circleville will fill the pulpit of the U. B. church Sunday night at 7:30. He is an old Portsmouth boy and no doubt many of his friends will be on hand to hear him deliver one of his able and inspiring sermons.

Hold Up Taxi Driver

Footpads are getting bold up in Chillicothe. They held up Clarence Caldwell, a taxi driver there, yesterday, and secured \$16.50, his gold watch and ring.

Last Brick Laid Today

Contractors Harper and Ruel today laid their last brick on the new paving east of Wheelersburg. It will be opened to travel in ten days. The road between Franklin Furnace, where the paving ends, is to be improved to the Lawrence county line.

Praises Sanitarium

Thomas Shafter, of 1010 Gallia street, who was called home by the death of his mother, will return Sunday to the Mt. Vernon state sanitarium, where he has been a patient for the past few weeks. He is feeling much improved and says the institution is splendid.

Artificial Cotton.

Artificial cotton has been produced in a small way from cellulose obtained from the bark and knots of fir trees. The wood is first crushed into a fibrous mass, then subjected to steam pressure in a closed cylinder for ten hours, when a solution of bisulphate of soda is introduced and the material kept under pressure for 36 hours more. This makes the material white, and it is then washed and ground to a paste. The next operation is that of bleaching by chloride of lime, after which the material is squeezed between heavy rollers to remove the water. The resulting product is pure cellulose, which is next heated in a boiler with a mixture of hydrochloric and nitric acid. Castor oil, casein and gelatin are added to give strength to the fiber. The pasty mass is then converted into fine filaments by being forced under pressure.

PROMINENT ADAMS COUNTIAN IS FOUND DEAD; THROAT SLASHED; PROSECUTOR INVESTIGATING

When a neighbor of Drenan McKenzie, aged 30, a resident of the Brush Creek Valley near Manchester, went to his home to borrow something this morning, knocks on a side and front door were unanswered.

Neighbors then forced an entrance to the home and going to the second floor they found Mr. McKenzie lying dead on the floor of his bedroom. His body lay in a pool of blood. His throat was cut from ear to ear and a blood-stained razor was found at his side. Mr. McKenzie, who was one of the prominent land owners of Adams county, was seen as late as 9 o'clock last night when he appeared in good spirits.

Several weeks ago his wife, Mrs. Lucile Thurman McKenzie, filed a suit for alimony against her husband. Ten days ago they were seen driving away from the West Union courthouse in the same machine and it was presumed that the alimony proceedings would not be pressed. However Mrs. McKenzie did not return to her

home and of late has been conducting a millinery shop in Peebles, where she is well known.

Mr. McKenzie is one of Adams county's big land owners and the news of his tragic death caused a sensation there today.

His mother, Mrs. Jacob Burr, lives near the McKenzie place and was among the first persons to reach her son's home this morning. She summoned a doctor, but his services were not needed.

At 10 o'clock this morning Prosecuting Attorney A. H. Holderness of West Union left for Brush Creek to investigate the circumstances surrounding the death of McKenzie. His

home is located about 9 miles east of Manchester.

Kills Pesky Bed Bugs P. D. Q.

Just think, a 25c box of P. D. Q. (Pest Destroying Quinoline) makes a quart, enough to kill a million bedbugs, roaches, fleas or cockles, and stops future generations by killing their eggs and does not injure the clothing. Liquid fire to the bedbugs! When P. D. Q. is liberally used, bedbugs stand as good as dead. Change as a snowball in a justly famous recent Patent suit in every sack of P. D. Q. to enable you to kill them and their eggs nests in the cracks.

Look for the devil's head on every box. Special Hospital size 25c makes five gallons, contains three spoons. Either size at your druggist or sent prepaid on receipt of price by Owl Chem. Co., Terre Haute, Ind.

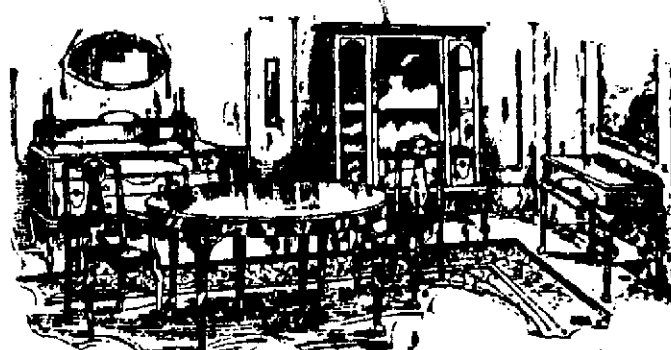

Sold by Fisher and Stretch, Floor and Blake druggists.—Advertisement.

CLEARANCE SALE!!

Stop!! Read This--

Tomorrow, Saturday morning we start the greatest clearance of our history—The King of All Sales gone before! We are placing on extra special sale and offering you choice from hundreds of items in men's, women's, children's apparel and general merchandise remaining from this season's selling at prices that are without a doubt lower by far than any you have ever been given the opportunity to take advantage of. Our policy forces us to do this—we have NEVER allowed goods to be carried from one season into the next and would rather dispose of such stock at ANY price instead of breaking our own law! Business has been brisk with us all along—WE ARE NOT TRYING to stimulate buying in the regular way—if that were the case it wouldn't be wise for us to sacrifice profits the way we've done! No! The underlying big reason is that we want to be absolutely sure that this season's stock is sold NOW and none of it stays on the shelves!

Moses Williams
Moses Williams passed away at 8:30 o'clock last night at the home of his daughter, Mrs. Tonia Stuter, Sciotoville. He was born in Lewis county, Ky., March 6, 1852, being 69 years, 5 months and 19 days old at the time of death. He came to Portsmouth to live 22 years ago. His last employment was at the Selby Shoe Company.

At the age of 22 he was united in marriage to Miss Millie Beck. To this union nine children were born. Two died in infancy and a daughter, Miss Nettie Williams, died Sept. 14, 1904. The surviving ones left behind to mourn his death are his faithful wife, Mrs. Millie Williams, and five daughters, Mrs. Tonia Stuter, Mrs. Florence Webb of Portsmouth; Mrs. Evelyn McLaughlin of Wheelersburg; Mrs. Gemina Johnson of Olive Hill, Ky.; Mrs. Phyllis Debo of Portsmouth, and James T. Williams of Portsmouth. He also leaves one sister, Mrs. Gemina Snapp of Barterville, Ky., and one brother, Hugh Williams of Cincinnati, and a host of grandchildren. He was always a kind and loving husband and father and he always had a good word for everybody, and made friends wherever he went. Rev. C. L. Diamond of the Free Will Baptist church will conduct the funeral to be held Saturday afternoon at the Stuter home. Burial will be in Greenlawn.

Mrs. Davis R. Coriell
One of the best known young women of the East End was claimed by death last night at 8:20 o'clock when the final summons came to Mrs. Nettie Coriell, wife of Davis H. Coriell. Death came at the home of her parents, Mr. and Mrs. R. E. Sutton, 2220 Galia street, after a several months illness, resulting from a nervous breakdown.

Mrs. Nettie Coriell was born in Portsmouth, Sept. 31, 1900 and she was in her twenty-first year when claimed by death. All her life was spent in this city where she was widely known and had hosts of friends who will mourn her death with genuine sorrow. On April 23, 1918, she was united in marriage to Davis H. Coriell of this city.

Surviving to mourn her death are her parents and husband and three sisters, Alice, Clara and Edna, all at home. Mrs. Coriell was a member of Delta camp, Royal Neighbors of America. The lodge members will meet at the home of Mrs. Z. S. Tower, 1019 Seventh street, Monday afternoon at 1:30 to march to the Sutton home where funeral services will be held at two o'clock. Mrs. Coriell was a faithful member of Manly church and her pastor, Rev. P. C. Wolf will conduct the last rites. Burial will be in Greenlawn.

TENNIS RESULTS

A postponed match in the men's tournament was played Thursday evening between the W.G. team, George Shiten and Richard Hopkins, who met the Golf Club team of Itea Selby and Wallace Drew on the Golf Club court. Sixteen and Hopkins won in straight sets by scores of 6-2 and 6-2.

Staten and Hopkins have won both of their matches while Selby and Drew have won one and lost one.

There were no games scheduled in the men's tournament or junior tournament, for yesterday.

Two matches were scheduled in the women's tournament, but only one was played, one team defaulting. On the York Park court Marilyn Glockner and Charlotte Schellier won in two straight sets from Katherine Flood and Mildred Hughes by scores of 6-2 and 6-4.

On the Selby court Ruth Baker and Helena Adams won by default from Elizabeth Locke and Christine Rutledge.

This evening the two Millbrook Club teams entered in the women's tournament will play a match game on the Millbrook Park court.

There will be several games tomorrow, the junior boys who entered late, being scheduled to play on York Park court. These players are Fuller, Linck, Cooper and Buckles.

The women's schedule for tonight is as follows: York Park, Helen Nye and Carolyn Johnson vs. Ellen Dorley and Helena Adams.

Selby court—Elsie Dineer and Antoinette Kline vs. Bertha Blood and Josephine Kline.

Trinity court—Louise King and Charlotte Hicks vs. Evelyn Campbell and Osa Johnson.

Friday, August 26.—Fred Fridge and Charles Storck, (Independent) vs. Stanley and Hewitt (York) on the York Park east court.

Office Hours: 8 to 12, 1 to 5.

Scioto County Baptist Picnic

The First Annual Scioto County Baptist picnic at Lucasville Thursday, August 25th, was a decided success.

More than twenty churches were represented. They came in buggies, jolt wagons, automobiles, trucks and one came from Portsmouth in an ambulance, singing, "We Shall See the King Some Day."

Owing to difficulties the programs were not carried out as promptly as planned "but the big crowd was jolly and amused themselves. After dinner the crowd assembled in the grand stand and sang together the good old songs and were addressed by Rev. A. K. Murphy and Rev. H. Stewart Tillis. Rev. Robert Allbaugh had charge of the program while Rev. F. W. Chase led the songs.

Organization was arranged for next year when Rev. Freeman Chase was elected president and T. D. Smith was selected as secretary.

The different committees took charge and the races and contests were on. The Hopkins' Stars from the eastern side of the county found the Portacross and West Side somewhat easy in the ball game.

Horseshoe pitching was very popular.

In the regular contests the Bohannan team were the winners. Among the Juniors the ball team led by Oscar Hickman won. Rev. Tillis won the preachers' race. Other winners were Alfred Ertterling, Carmen Milan, Fred Kachelries, Gordon Tillis, Clyde Sowers, Esther Crabtree, Vina Elin, Ellis Caudill, Leonard Moore, Samuel

Bush, Otis May, Elbert Craig, Richard Hoskins, Mrs. H. Vencer, Mrs. Ed. Wintersole, Libby Preston, General Hodge, Bulah Shively, Lester Davis, Freda Clotchen, Mildred Davis, Michael Jones, Mamie Solyis, Edna Weghoff.

All look forward to the greater picnic in 1922.

Good fellowship was the great note of all.

The Intermediate girls of Immanuel church sought nearly in vain for a like team to play baseball. Finally in the late afternoon a team of boys of the same age were gathered together but the girls just romped away with the game.

Football Players Meet Tonight

Steps will be taken tonight at a rousing big meeting at the Smoke House to place this football team in the field again. A stiff schedule is being prepared and all the old players

and new ones are urged to be on hand. An experienced coach is to be engaged and the players are going to practice long and hard as they expect to put a winner in the field.

Nov. 19—Ashland there.
Nov. 26—Grand View Heights here. (Columbus.)

Nothing Hidden From X-Rays.
Few organs or parts of the human body are inaccessible to examination by X-rays. The most remarkable advance in this line was the discovery that insoluble opaque salts can be administered to patients in such quantity as to fill the gut, stomach and intestines, so that these hollow organs may be studied with the rays. The "opaque meal" shows their size, shape and position and also reveals their constructive movements.

Will Try To Swim The English Channel

By Newspaper Enterprise
LOWELL, Mass., Aug. 26.—Henry P. Sullivan, 28, is in England preparing to make his fourth attempt to swim the English channel. "Henry is going to succeed this time," says Thomas B. Sullivan, father of the long distance swimmer, who lives here.

"I don't see how my boy can fail this time. He has everything that's necessary for such a feat. I'd like for anyone to show me what he lacks for that kind of a job."

"If ever a man was in the prime of his strength, Henry is."

"He has a natural swimming physique. He weighs 225 pounds and has wonderful endurance."

"My boy hasn't any bad habits. He smokes a cigar occasionally. That's the nearest approach to vice he has. And he doesn't smoke when in training."

Sullivan made his first attempt to swim the channel in 1913. He started from North Foreland. He was in the water 10 hours. He traveled a distance of about 35 miles, including drifts and tides. He was within five miles of the French coast before he had to give up.

In 1914 he again planned to start his swim from Dover. The war broke out. The channel was filled with new mine dangers. He called it off. He made two trials in 1920. The first attempt carried him within three and one-half miles of France. He was in the water 19 hours. His second trial was the bitterest fight he has ever made. He was within two and one-half miles of his goal, being in the water 18 hours. He battled with the backwash for seven hours before being ordered to get aboard the pilot boat.

Only certain weather conditions and tides will permit the channel to be conquered by a human swimmer.

The weather is best suited for swimming the latter part of August and early September.

Captain Webb is the only man who ever swam the channel. He accomplished it in 1873. But Webb started from the Admiralty pier, which extends a mile and a quarter out from land. Strictly speaking, Webb did not swim the entire distance.

The channel is 26 miles wide at its narrowest point.

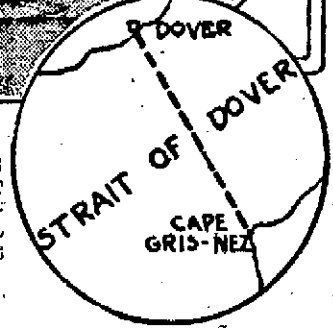

Webb was winded and dined after his triumph. Later he came to America and met death going over Niagara Falls in a barrel. The barrel was dashed to pieces on the rocks.

Sullivan swims with the breast stroke. He is five feet six, having a stocky build.

If he gets a break in weather conditions he will accomplish his life ambition of swimming the channel this time.

Mary Catherine Orthmeyer, seven-year-old daughter of Mr. and Mrs. Joseph Orthmeyer, of Scottdale, underwent an operation for removal of tonsils and adenoids Thursday.

Corn Crop Looks Good

COLUMBUS, O., Aug. 26.—The corn crop in the eastern and east-central counties of Ohio will be better than 90 per cent normal this year, while that of the western and southern counties will range from 65 to 85 per cent, according to present indications, C. J. West, state crop statistician, announced in his weekly report issued here today. The crop is late in some sections, however, and hence, subject to early frost.

Late potatoes, the report says, are in good condition and, were it not for poor stands in many sections, the crop would be average. Like corn the later varieties of potatoes are subject to early cold weather.

Collide On Detour

Two machines collided on the detour near Piketon yesterday afternoon and a woman in one of the machines was slightly injured when she was thrown against the windshield, which was broken by the force of the impact. Both cars were damaged.

WEST END NEWS

S. Callahan and Carl Morton accompanied by Alfred W. Fagan, proprietor of the Biggs' House, returned home Thursday from Flint, Michigan, where they purchased a six cylinder touring car and a roadster and made the trip home by motor. On return at Columbus Mr. Fagan called on his aunt, Flora Johnson, whom he had not seen for 15 years.

John Willis of Garrison, Ky., was a business visitor to Portsmouth, Thursday.

Misses Lareni and Bess O'Neal of Covington, Ky., spent last week as guests of their grandmother, Mrs. R. L. Wade of South Portsmouth, and a few days with their cousin, Mrs. Alfred Fagan of Biggs House. They are guests this week of their aunt and uncle, Mr. and Mrs. G. B. Miles and cousin, Mrs. Georgia Graham of Scottdale.

Good Time Now, Gibbons Next, Says Mr. Carpentier

BY MILTON BRONNER
HERTE, France, August 22.—"Petit Georges" Carpentier, as his pretty wife endearingly calls the French pugilist, is the leading citizen, the prime attraction, and the immaculate dude of this famous watering place.

With his wife and baby Jacqueline, and his famous dog, he occupies a villa near here which has been named "Georges-et-Georgette."

Every morning about 10 he may be seen strolling down Dieppe's equivalent of a boardwalk, an attractive figure in Panama hat, blue serge coat, immaculate white flannel trousers and white sport shoes.

The pretty woman, with the chestnut hair and blue eyes, who clings fondly to his arm, is Mme. Carpentier.

A few minutes later there is another Carpentier—Carpentier, the water-dog. Mme. Carpentier, in black satin bathing costume and green cap, also goes out for a ducking by "Petit Georges" and then paddles in the water.

Then at night there is revealed still another Carpentier. The Hotel Metropole has a real jazz band with some real American negroes, who know how to make the bawdy and the drums talk, dance stuff.

"Here come the Carpentiers!"

Oh boy! You'd never guess he swapped punches with Dempsey. In his dinner jacket he looks as if he might have stepped out of the illustration for some society novel. There is not a mark of his recent battle with Dempsey.

His eyes are as clear and his teeth as white and even as those of a freshman in a back-country college. And there is a whole sea of nice French and English girls, who have met him, who dance with him—because Mrs. Carpentier isn't a bit jealous.

"I am down here with my wife and baby to have a good time," he says. "And you can take it from me, we are going to have it."

After that—Tommy Gibbons!

GEORGES CARPENTIER

Courage.
The greater part of the courage that is needed in the world is not of a heroic kind. Courage may be displayed in every-day life as well as on historic fields of action. The common need is for courage to be honest, courage to resist temptation, courage to speak the truth, courage to be what we really are, and not to pretend to be what we are not, courage to live honestly within our means and not dishonestly upon the means of others.—Cleveland Bulletin.

Would You Censor This?

This picture is taken from a section of the Pathe film that New York censors deleted. It shows Billie Sorrells, the 16-year-old girl who won the Dallas bathing beauty contest, wearing her medal.

IS THERE SENSE IN CENSOR?

DALLAS.—Billie Sorrells is ready to testify in the United States Supreme Court, if necessary, that the New York censors were "really silly" when they deleted her picture from a Pathe News film. "Perfectly proper!" is how Miss Sorrells regards her picture. Although the New York censors cut the film it has been shown in many other states. Now the News is preparing to fight to the highest court for the right to show the picture in New York. "Censorship of a news film," Pathe News argues, "is interference with our constitutional guarantees of a free press and free speech. For, after all the Pathe News film weekly is a part of the press of the land." Miss Sorrells won the beauty prize in a bathing girls contest held under the direction of the Dallas director of public welfare. It was all very official. More than 400 girls participated—but the judge pinned the medal on the breast of Billie's bathing suit. Brazil's population is one-fourth that of the United States. Senate To Ratify The German Treaty: Harding Shows Control Of Congress; Liberals Score Victory Over Extremists

BY DAVID LAWRENCE

(Copyright, 1921 by The Times Publishing Company.)
WASHINGTON, D. C., August 26.—Yesterday marked a milestone of progress in the Harding administration. Congress has cleared up half the job of the special session and set the senate finance committee on a tax bill. President Harding and Secretary Hughes have finally disposed of the troublesome treaty situation which for the last two and a half years has been provocative of so much partisanship and has delayed domestic reconstruction.

The formula of the Harding administration for the making of peace with the central powers has undergone many shifts and changes but the Democrats are joining with the Republicans in saying the treaties will be ratified if for no other reason than the country is sick and tired of controversy and is impatient for a proclamation of peace issued ending America's anomalous status in world politics.

This assurance from all political factions that the treaty with Germany will be ratified means a greater moral effect to the signing of the pact than would otherwise obtain. Business men who have been waiting for a clearing up of relations with Germany will go ahead with their plans feeling confident that in this case at least the signing of a treaty by the executive branch of the government is tantamount to ratification by the senate. It makes all the difference in the world when the executive and legislative branches of a government are of the same political complexion. Indeed, this treaty was negotiated in absolute secrecy and the White House admits the United States government requested of Germany that secrecy be maintained. But the Republican majority stood with the administration and the Democratic minority found it difficult to criticize their political opponents for following a course pursued by the preceding Democratic administration. About the only persons who derive any satisfaction out of the turn of affairs are those who have been proclaiming the theory that both the Democrats and Republicans are very much the same when in power and that the differences are mainly in that of "ins" and "outs."

Harding's Control Demonstrated
But the truth is that President Harding has been helped by the possession of a big majority in the senate—so big as to enable him to get treaties through without much difficulty. Although it seemed several weeks ago as if the administration control of congress was loose, the developments of the last few days have belied such a statement. Representative Mondell, Republican house leader, pushed the various administration measures through the house in record time and the groups in the senate which threatened to interfere with the plan of Mr. Lodge, Republican leader of the senate, for a month's recess were summarily defeated. Whether it was the propelling power of President Harding or the realization on the part of the Republican leaders that their mastery of the situation in congress was being tested, anyway the programme of the administration has gone through and everybody is much happier that the machinery of the majority party is functioning smoothly. Even the Democrats would prefer that the Republicans pass their bills in order that the country may examine alleged defects and it is fully expected that the minority party will not obstruct the passage of either the tariff or tax bills when the recess is over next month.

Liberals All Pleased

Meanwhile the friends of a liberal interpretation of the prohibition laws are pleased over the stern way in which a practically unanimous senate dealt with the efforts of the extreme prohibitionists to pass a law enabling government officers to search automobiles or other property without a search warrant. Some say this spells the doom of rigid enforcement methods. The true significance of the controversy is that congress at last is trying to follow the will of the people in abolishing the saloon and distillery, but preserving at the same time the personal liberty of the house and a citizen's possessions. Although the prohibitionists will renew their fight after the recess, they have little chance of winning. The climax of the big fight has occurred and the liberals have won.

Tax Bill Should Have Been First
Congress can look back on the first half of the special session with a feeling of work well done because so many minor bills were disposed of, but the truth is the leaders themselves will admit they should have given precedence to the tax bill over the tariff. The senate finance committee which has received both a tax and tariff bill from the house will next week give preference in its hearings to the revenue measures. It should be on the return of congress the tax bill will have right of way and that barring unforeseen delays, it should be on the statute books not later than November 1. The tariff bill will probably go over until the regular session of congress in December.

Pupils And Teachers Will Be Assigned By Board Tonight

At the regular meeting of the school board tonight the annual assignment of pupils and teachers will be made. Twelve new elementary and possibly two new high school teachers will be appointed by Supt. Frank Appel and approved by the board. The school buildings have been placed in fine shape for the resumption of school on Tuesday, September 6. Provisions have been made to care for a big increase in the enrollment.

400 Bible School Pupils Enjoy Picnic

With all the joys that come with a great holiday picnic, more than 400 members of the First Christian Bible school, gathered at the old Children's Home park on Seventeenth street, Thursday afternoon for several hours of fun and frolic.

Races, games, horseshoe pitching, and general recreation kept the big crowd in constant good humor and helped each one to decide that he had had the time of his life.

C. M. Howland and Casey Jones claimed to be the champion horseshoe pitchers but in the absence of supporting evidence, the judges who were to award the prizes, decided to wait until next Tuesday evening, August 30th when this team will meet all comers at Long Meadow just above Sciotoville and prove to the satisfaction of all present that they are real champions. This will be at the time of the "wrestlers" meeting at the home of Charles Cook, when the workers will gather at the church at 6:15 new time and go in machines to the places of the meeting.

Prizes were awarded for the other races. Harold Willis winning in the wheelbarrow race by a wide margin. Among the features of the evening was a baseball game between teams composed entirely of women. Many of them knew little about the game, the claimed, and their maneuvers on the field gave ample evidence that their claims were right. Bob Holbrook umpired the game and as the ladies refused to wear a mask behind the bat, Bob donned it to prevent getting his eyes scratched out in case his decisions were not well liked. The star performer on the mound for the "wrestlers" was Mrs. Cunningham who fanned 'em all alike and assisted her team to win by making the first score. In fact, the score stood about 5 to 4 when somebody said out and that broke up the game. The other game between the men's classes ended in a tie, 5 to 5. Supper was enjoyed at 7:30 and was followed by more games and fun. C. M. Howland contesting for the high jump won over John Williams by six inches and was awarded the

jumping prize—a celluloid bull-frog. C. M. said he refused to jump against that fellow. All in all, you can tell your friends that the picnic was a huge success and that the big Bible school is grateful for the use of the Children's Home park for the afternoon and evening.

Insect Causes "Jumps"
Certain galls of the oak-leaf that display a mysterious ability to "jump" or at least make sudden movements, have long been the subject of unscientific curiosity. It is explained that their motive power is, as in the case of the famous Mexican "jumping bean," a tiny worm—the larva of a gnat, whose quick turns disturb the gall's center of gravity and cause it to "jump."

PANAMA OBJECTS TO ARBITRATION PLAN

PANAMA, Aug. 26.—Appointment of Prof. John F. Hayford, of Northwestern university, and Prof. Ora Miller Leland, of Cornell university, by Chief Justice Taft, of the United States supreme court, as members of a commission to lay out the boundary between Costa Rica and Panama, is opposed by the Panamanian government. Officials here have advised the state department in Washington that Panama refuses to recognize the validity of the nominations.

The note is said to declare that, Panama having rejected the decision handed down by the late Chief Justice White relative to the frontier, the arbitration agreement entered into before that award was made does not exist. If it were existent, authority from Panama and Costa Rica would be necessary before Chief Justice Taft could make nominations to the commission. It is claimed by President Porras.

"PLAY TENNIS AND KEEP WELL!" SLOGAN OF 15-YEAR-OLD TENNIS WIZARD

BY BOB DORMAN

NEW YORK, Aug. 26—"Play tennis and keep well," is my slogan.

A laugh full of the joy of youth and health came from the lips of Miss Helen Wills, 15-year-old winner of the women's junior tennis championship.

"Tennis is fine for your health. It takes you outdoors into the fresh air, and you know the doctors say that fresh air is the best thing in the world for your health."

"You see, my father is a doctor. He started me playing tennis. This was about two and one-half years ago."

"Father was my teacher for the first six months, and then he said he guessed he'd better get another instructor, because I was beating him all the time."

"So I joined the Berkeley Tennis Club—we live in Berkeley, California—where I was able to play with some of the best players in the state."

"Mrs. George Wightman, who was formerly the senior champion, gave me some lessons."

"Bill Johnston is my ideal of the greatest tennis player. I hope to play like him sometime."

"Tennis has made me stronger and more active than most girls of my age. It has made me surer on my feet, and I believe that it gives me more grace."

"It seems to me that I can dance better than I could before I took up tennis."

"Then, too, playing before crowds of people gives me more confidence."

"You lose that feeling of self-consciousness that most young people have. And I think that that is a great advantage, because it enables you to meet and talk to people without embarrassment."

"Though looking very girlish, with her hair hanging down her back in two long braids, Miss Wills talks as 'man to man.'"

"And her playing has been the marvel of the east."

"Tennis experts freely predict that another year or so will see her win the senior women's championship of the tennis world."

HELEN WILLS, IN ACTION AND "AT REST"

MAY CUT DOWN PEEBLES HILL

There are more than 27,000,000 bushels of grain in store in Chicago. New Boston Council at its special meeting last night discussed the matter of cutting down the Peebles hill on the north side of Gallia street just west of West avenue, New Boston. The members feel that the slight cutting at the base of the hill to provide for the paving of the street will later mean slight slips of the hill and much damage to the paving. The Council wishes to profit by the experience of the city on Damian hill, where the slips of the hill have caused damage to the paving.

It is estimated that with the removal of between 10,000 or 12,000 yards of dirt removed from the hillside it will prevent slips and damage to the paving. The Council is to ask the Peebles Realty Company, Portsmouth Street Railway and Light Company and the city to assist them in financing such a project.

Should Council not meet with success in getting the other organizations to assist in cutting back the hill, that part of Gallia street, about 350 feet and 400 feet along the base of the hill will not be paved with brick, but instead a slag road will be put down. Council will take up the matter with the other organizations at once.

Cape Colony—Hong Kong.
Cape Colony, now forming the province of the Cape of Good Hope in the South African union, was occupied by the Dutch as early as 1652, but was captured by the British in 1795, and ruled by them until 1803, when it was restored to Holland. Great Britain again took Cape Colony in 1806, and it was formally surrendered to her by treaty in 1814, remaining under British rule ever since. Hong Kong was occupied by the British in 1840, and ceded to Great Britain by the treaty of Nanking in 1842.

Isaak Walton.

Isaak Walton is a name held in sweet remembrance by thousands who love the outdoor life, and he is so remembered by his book, "The Compleat Angler," or "Contemplative Man's Recreation." BETTY COMPSON IN PRISONERS OF LOVE

DIRECTED BY ARTHUR ROSSEN
DISTRIBUTED BY GOLDWYN

A Tremendous Success At The Eastland Theatre Tonight and Tomorrow—The Screen's Most Exquisite Production on "Prisoners of Love," Starring Betty Compson—A Picture For Every Woman in Portsmouth—A Picture You'll Talk About For Weeks—Be Sure to See It Tonight.

Program
A—Selznick News.
B—Larry Seamon in "The Stage Hand."
C—Musical Prologue—"Roses That Die Bloom Again," Eastland orchestra.
D—Betty Compson in "Prisoners of Love."

Betty Compson, whose meteoric rise to stardom was the result of her remarkable portrayal of the role of the girl in the George Loane Tucker production of "The Miracle Man," makes her initial stellar appearance in "Prisoners of Love," which will be presented at The Eastland Theatre beginning tonight and tomorrow. The picture was personally produced by Miss Compson, who is now at the head of her own company, and was directed by Arthur Rosson.

The story is taken from one of the works of Catherine Henry, and contains innumerable tense dramatic situations which give Miss Compson the fullest opportunity to display her remarkable versatility. The action carries her through the complete range of human emotions, and her first production stamps her as one of the really great actresses of the screen.

As Blanche Davis, Miss Compson portrays the role of a girl born of wealthy and cultured parents, with a dangerous degree of physical attractiveness. Discovering her father buying the silence of an adventuress who has become part of his life, Blanche leaves home and disdains even the use of her father's great name. She flies to San Francisco, where she obtains employment in the law offices of Martin Blair and James Randolph. The latter seeks to marry her, but his mother, an invalid since his birth, selfishly compels her to promise that she will not take her son from her until after her death.

Death's swift intervention fails to solve the riddle of "Prisoners of Love," and the best work of many present dramatists seems childish compared with the magnificent gesture with which the picture ends.

A Success.
"Was her bridge what party a success?" "Yes, indeed. The woman she wanted to win got the prize."

Sign of Age.

William S. Hart, Eva Novak, and Master Richard Headrick in a scene from "The Testing Block," A Paramount Picture

This is one of Hart's Best Pictures to be Shown at the Lyric Tonight and Tomorrow. Special Musical Program.

The secret of "Sierra" Bill's identity and disappearance after he had kidnapped Nelly Gray, a member of the Ellis Traveling Players, near Pan Creek in the Sierras many years ago, was revealed recently when it was announced that the once feared outlaw has reformed and is living happily with his wife, son and famous Pluto pony near Placer.

It develops that Sierra Bill is none other than William S. Hart, raucous man, cowpuncher, actor and motion picture star!

According to William S. Hart who has pictured the thrilling scenes of "Sierra" Bill's career in a remarkable photoplay entitled "The Testing Block," which will be shown at the Lyric theatre tonight, Sierra Bill's happiness was interrupted by a member of his band who succeeded in separating Bill from his wife and byro-

ing her jealousy. He manages to find her later, and she succeeds in saving the life of their son when she plays an old air on her violin. Both then understand.

The picture is exceptionally beautiful and the best Mr. Hart ever made. The story was written by Mr. Hart himself and it was directed by Lambert Hillyer. Eva Novak heads a capable supporting company.

ARCANA TODAY

Text in "THE UNSEEN WITNESS" Also a Hank Mann Comedy "WAY OUT WEST"

Marital Mixup.

"You said you would be at home at 11, and here I have been keeping awake these last two hours waiting for you to come in," said an angry wife. The delinquent husband leaned against the wall and prepared to remove his shoes. "And I," he said softly and sorrowfully, "have been waiting outside for these last two hours so you'd go to sleep."

Great Men Once Book Agents.

Longfellow, Mark Twain and Bret Harte were among the subsequently famous authors who bridged poverty's stricken periods by peddling the works of already successful writers. Daniel Webster also hunted up orders for books, paying his second term's tuition at Dartmouth college by acting as agent for Tocqueville's "America," and Bismarck in his early days at Heidelberg canvassed for one of Blumenbach's hand-books.—New York Evening Post.

Original "Water Wagon."

It seems that the phrase "water wagon" started from the large-tanked wagons of the northwest, used in the harvesting season to supply water for the steam engine which runs the threshing machine. No one is more in need of water to drink than laborers of the wheat fields, working under the scorching sun. The workers were prone to hop up on the water wagon to quench their thirst every time the wagon came in. This was obtained from a keg of water kept submerged in the tank to keep it cool.

How Successful Author Worked.

Speaking of his early writings, Coningsby Dawson says: "A mistake I made was that I did not see my story as a whole when I started; I had no idea when and how the last chapter would finish. Now of whatever else I am ignorant, I know my skeleton, my beginning, my middle and my end before ever I take up my pen."

Ornamental—Useful—Practical

Wrist Watches are as distinctly feminine as any woman can wish for—and at the same time decidedly useful and practical for every day wear.

Appealingly Distinctive

We are showing a large variety of smart models both with gold bracelets and ribbon wristlets. The fact that we obtain the best movements and exercise good judgment in the selection of the cases accounts for our ever increasing trade in watches.

Reds Beat The Phillies

PHILADELPHIA, Aug. 26.—Marquard broke Philadelphia's winning streak of four straight by registering a 3 to 1 victory for Cincinnati Thursday. The locals scored seven hits, but were ineffective in the pinches. In attempting to steal home in the first inning, Roush collided with Catcher Heilmann, of the Phillies, and had to retire from the game.

Pirates In Slump

The Pirates have struck a snag. They again lost to the Giants yesterday and they must brace up or see their fancy lead dwindle away. The team seems to be off its feet and is not playing its usual steady game against the Giants.

PHILADELPHIA, Aug. 26.—The west against the east—the Kinsey brothers of California opposing the world tennis champion, William T. Tilden II and Vincent Richards, his youthful partner—in the semi-final round of the national doubles championship tournament was the principal match in a day-long program of title play on the courts of the Longwood Cricket Club today.

BUYS CLUB

CHICAGO, Aug. 26.—William Wrigley Jr., principal stockholder in the Chicago National league club, today bought the Los Angeles club of the Pacific Coast league from John P. Powers. The announcement did not reveal the price.

NEW PITCHERS

CHICAGO, Aug. 26.—Two more pitchers have been added to the White Sox roster, it was announced today. Harold Chase, independent player from San Francisco, reported today from Ted Blankenship, a big right hander from Bonham, Texas, was purchased and will report in a day or two. Bonham is the town from which the White Sox obtained the famous Rob Russell.

CHAMPIONSHIP BOUT

COLUMBIUS, Aug. 26.—Joe Kresge and Billy Gibbs are scheduled to meet in a 12 round bout for the lightweight championship of Columbus on August 29, it was announced here today.

SOME HITTER

Outfielder McHenry certainly had on his hitting tools yesterday. He cracked out two doubles and a triple out of three walks to the plate. His triple hit the left field fence in Beantown, this being the first time a ball has ever hit this fence on the fly.
